OPAIR Mission
The Office of Planning, Assessment, and Institutional Research will support Prince George’s Community College as it advances a culture of evidence for decision making by providing accurate, meaningful, and actionable information in a timely fashion.

Vision statement
The Office of Planning Assessment, and Institutional Research (OPAIR) will be at the leading edge of innovation in the collection, processing, analysis, and use of data.

OPAIR Goals
1.0 Play a lead role in developing a culture of data-informed decision making.

2.0 Guide and support the development and assessment of the College's planning efforts, using the results to recommend improvements.

3.0 Assess and support the College’s institutional effectiveness using results to recommend improvements.

4.0 Support the College’s efforts to assess student learning.

5.0 Design and support systems that ensure the accuracy of information disseminated by the College.
