

ARTICULATION AGREEMENT
between
JOHNS HOPKINS UNIVERSITY SCHOOL OF CONTINUING STUDIES
and
PRINCE GEORGE'S COMMUNITY COLLEGE

Prince George's Community College (PGCC), a public, comprehensive college in Prince George's County, Maryland, and Johns Hopkins University School of Continuing Studies (JHU/SCS), a private research institution in Maryland, which through its School of Continuing Studies offers degree programs for adult part-time students, agree to offer an articulated program leading to the award of a PGCC Associate of Science in Business Administration, and a JHU/SCS Bachelor of Science in Business and Management. The following principles guide the operation of this agreement.

1. Prince George's Community College students who complete the Associate of Science in Business Administration degree with a minimum 3.0 cumulative grade point average will be able to transfer a total of 60 credits to JHU/SCS and begin the Business Core with Junior Standing. Students who complete an Associate of Arts in Business Management, have fewer than the number of credit hours required for an Associate's degree, or have a cumulative grade point average between 2.50 and 2.99 are eligible for admission; however, all courses will be evaluated on a course-by-course basis. No courses completed with a grade of D or lower will transfer under any circumstances.
2. Students may transfer a maximum of 60 semester hours to JHU/SCS. In addition, students may transfer credits back to Prince George's Community College in accordance with PGCC's academic regulations in order to complete the associate's degree.
3. Students must complete 60 upper-division credits at JHU/SCS to earn the Bachelor of Science degree.
4. Prince George's Community College students who complete the A.S. in Business Administration, have at least a 3.0 GPA, and significant work experience may apply for acceptance into JHU/SCS' Advancing Business Professionals Program, which allows students to complete the B.S. in Business and Management degree at an accelerated pace.
5. Students should expect to attend classes at Hopkins' Columbia or Homewood campuses in the evenings and weekends on a part-time basis.
6. Prince George's Community College students who matriculate at JHU/SCS will be given every consideration for financial aid and will be eligible to compete for academic scholarships upon admission to JHU/SCS.

7. Prince George's Community College students who enroll at JHU/SCS will have full access to the SCS Career and Life Planning Center, located at the Columbia campus, for assistance in career transitions and job searches, including the JMC Alumni Career Network.
8. This agreement becomes effective with the signatures of the appropriate officials from both institutions. Prince George's Community College and Johns Hopkins University School of Continuing Studies agree to publicize this articulation agreement to prospective and current students. They further agree to monitor the performance of the agreement and to revise it as necessary. The agreement may be terminated by either party for due cause and after a period of sixty days notice to the other.
9. This agreement is for a term of five (5) years beginning July 1, 1997, and may be renewed by the joint consent of the parties.
