

Nursing (RN), A.S.

Registered Nurse Program

Use in conjunction with Health Sciences A.S Degree

NAME _____ STUDENT ID _____ DATE _____

Prince George's County residents are given priority for admissions. See the College Catalog for information about out-of-county admissions. Out-of-State students are only considered for admission when the available seats are not filled by qualified Maryland residents. **Students attending the college on a non-domiciliary visa, as determined by the college, will not be considered for admission in any of these programs. To participate in clinical education courses, all students accepted into any of these programs must have a social security number, which will be verified as part of the background check. All students in the health science clinical programs require a criminal background check, drug screen, and health insurance.** Continued participation in each program is contingent upon a satisfactory response on the background check and drug screen. All background check and drug screen information remain confidential and is only shared with the requesting clinical agencies. If a clinical agency denies clinical placement for a student because of a background check, drug screen, or lack of health insurance, that student may not be able to complete the clinical program.

- ✓ Students must complete Developmental and ESL courses in Math, Composition, and Reading if required.
- ✓ **All science courses must be within 10 years of petitioning**
- ✓ **ATI-TEAS is required: Proficient or higher with 70% in Reading**
- ✓ **All students must read the Additional Information section on the back of this document.**

Qualifying Prerequisite Courses: "3rd attempts in these courses are not accepted" 18 Credits

70 CREDITS

Additional Information:

- The Allied Health and Nursing Petitioning Advisors are Ms. Nicole Stubbs and Ms. Tamika McKelvin. They will let all students know when they should complete the ATI-TEAS exam. **Do not take the exam before meeting with them.**
- **Deadline to petition (NUR 1010):**
 - The Allied Health and Nursing Petitioning Advisors petition a year in advance.
 - **Schedule your Zoom appointment with a petitioning advisor once you are in EGL 1010, MAT 1250, or BIO 1050 or BIO 1010.**
 - Fall petition deadline and ATI- TEAS scores are due by February 1.
 - Spring petition deadline and ATI-TEAS scores are due by August 1.
 - ATI-TEAS exam scores are due before you can get registered for NUR 1010.
 - All Qualify prerequisites must be completed to get registered for NUR 1010.
 - Students can only take one or two supporting prerequisites with NUR 1010.
 - Students cannot register for NUR 1010, schedule your appointment with the Petitioning Advisors.
- The Nursing program has a point system for selecting students. The Allied Health and Nursing Petitioning Advisors will discuss this with each student.
- All student's majors must be **Health Science A.S.** if you are interested in the Nursing program. **Do not apply for graduation for this degree.**
- **Students must have an official evaluation completed by Admissions to petition or repetition.**
 - E-mail transfercredit@pgcc.edu to check the status of your official evaluation.
- All Students must follow current requirements to petition and/or repetition.
- BSN Prerequisites: CHM 1010, NTR 1010, and MAT 1140. Allied Health and Nursing Petitioning Advisors will discuss more.
- If accepted into the Nursing Program a mandatory orientation is required if accepted. Failure to attend will jeopardize program enrollment.
- If you have Allied Health and Nursing questions please e-mail healthscienceadvisor@pgcc.edu
